FEATURES

The EagleCraft HLC series combines the regarded deep V hull design with the functionality of our landing craft deck design to provide the ultimate in versatility. The 36' HLC is designed to carry 3- 12 passengers plus helmsman (depending on cabin size), fit a atv's or side by side in the forward cargo deck, or carry 12 passenger with an optional exterior seating package providing ultimate tourism customer experience. The 36' HLC features a hydraulic landing ramp several special options available. The 36' HLC is designed to be powered by twin outboards, or single or twin diesel stern drives. The 36 HLC is under 5 gross tons, and can be operated with an SVOP certificate, and is Transport Canada compliant.

The 36 HLC IS design for multi-mission use, including the following:

Tourism – Custom designed to delivery your specific unique customer experience. Specific designs for whale/bear watching, kayaking, diving, or combination of each

Water Taxi Crew and Cargo Vessel– Move your employees to the job site in comfort and safety with cargo, pallets, or ATV/Side by Side

Recreational – Custom design your cabin layout to include galley, head with shower, settee seating that covert to a berth, cuddy cabin
